## COUNTRY REPORTS 2009

of ENGSO member countries

*March 15, 2010*

Dear ENGSO Family,

ENGSO Executive Committee would like continue in collecting the annual Country Reports of member organizations which has started in 2002. Summary of Country reports is one from added value tools for all members as well as for all sport movement. The ENGSO Country Reports Summary is up-dated every year and presented on the ENGSO web page [http://www.engso.eu/about\\_us-country\\_reports.php](http://www.engso.eu/about_us-country_reports.php)

You will find attached unified structure of Country report. Please complete your report according to this standard. In case there are still some chapters of your last year's report that remain current for this year as well (see Country Reports Summary 2008 at the ENGSO web site), do not fill them in again. Just mark the relevant chapter "see 2008" and update with a new text only those parts of the report where necessary and note several chapters that have been somewhat modified.

Please send your report filled in electronic form (that you will receive in electronic form in WORD text editor format) according to the unified structure standard to the e-mail address of the Czech Sports Association:

**before April 30th, 2010**

We are sure that the updated ENGSO Country Report presented on the ENGSO web site will serve as a very helpful instrument for all who work with sport in Europe.

Thank you in advance for you kind assistance.

With best regards,

**ENGSO SECRETARIAT**
